

GMUG SBEADMR Treatment Implement Data Sheet

Fiscal 2017

Treatment: West Elk Aspen Maintenance/Regeneration and Wildlife Habitat Improvement

District: Gunnison

Proposed Treatment Acres: TBD. Treatments are planned for late fall 2016 and will be shared at the November SBEADMR stakeholder meeting.

Cover Type: Spruce/fir/aspen

Watershed (Hydrologic Unit Code 12): Willow Creek / Blue Mesa Reservoir

Lynx Analysis Unit: Treatments are not planned in Lynx habitat.

Integrated Treatment Objectives: Aspen Maintenance/Regeneration, Elk Habitat Improvement, Fuels Reduction

Desired Condition: Increased Diversity of Aspen Age Classes, Improved Habitat for Elk (Forage Production), Reduced Surface Fuel Loading/Decrease in Conifer Encroachment in Aspen

Proposed Temporary Road Construction Miles: TBD

Known Design Feature Triggers: TBD
